## DEATH VALLEY INDUSTRIES WIPED OUT BY DEMOCRATIC FREE TRADE

The chief industry of Death valley outside the borax production is menaced by the action of the free trade congress in not extending protection to the clay mines which have been developed in the extreme southern end of Nye county during the past two years. One of these industries which has grown into great proportions is the mining of calcium carbonate which, in everyday English, is plain whitening used as a base for manufacturing paint. This business was built up by John A. Bradford and son who located 1200 acres and installed the most improved modern mechanical devices for mining, hauling and loading the substance. Last month the Bradfords were informed that the demand for their whitening which ranked 88 per cent pure, was such that the chief manufacturers would call for a delivery of 500 tons a month and urging them to make preparations for handling that tonnage. The Bradfords had the siding extended at their shipping point, bought another tractor and train of dump cars and otherwise proceeded to deliver the goods in the most approved fashion. When all these preparations were completed a letter was received from their chief buyer stating that the proposed contract must be held in abeyance as they had learned that a shipload of whitening was en route from England to be delivered at San Francisco bay points for what it cost to load on the cars near Death Valley Junction. This put a silencer on all arrangements for going into the business on a large scale but an effort will be made to interest congressmen in placing suitable protection on the American product which is the purest product in the world.

By suspension of this business the Tonopah & Tidewater loses a revenue of approximately \$15,000 a year without counting the losses through putting out shipments of kaolin. Fuller's earth, talc and aluminum silicate which are found in that section in endless quantities.

## BELCHER GROUP ON THE DIVIDE SOLD

The Belcher group of three full claims centrally situated in the Divide district has been placed with syndicate of New York men who closed the purchase yesterday afternoon for a sum that is said to be about the highest price paid for any group of claims in the Gold Mountain country. The deal has been pending for some time and formed the object of several visits from Charles Richards since the opening of the assembly. The group was located by N. M. McCormick who gave the attorney an interest in the group for his services in incorporating and in negotiating the sale.

## NO TRACE OF A MISSING NEPHEW

For some time Roger and Joseph Senon have been conducting a diligent inquiry to ascertain the fate of their nephew, Private Joseph Boyland, of the 28th infantry, who has been missing since going to France. Lieutenant Governor Maurice Sullivan, an old friend of the family, appealed in vain to the war department and the only information obtainable was found in a statement made by a wounded soldier at the Letterman hospital, San Francisco. This is contained in a letter addressed to G. S. Brachmann, father of another missing boy, in which he says:

"I want to tell you that I was a chum of both 'over there.' I knew your son well."

He and Joe Boyland, with myself, were members of the 'big ten' who were ten San Francisco boys.

We remained together a long while, but one day your son and Boyland were transferred to the 28th infantry as replacement men.

On the morning of May 27, 1918, I saw your boy and Joe Boyland march out of our camp and on to the front line trenches. I shook hands with Ben before he went and wished him God speed. I also said goodbye to Joe.

I never saw them again. No one has ever seen them. They were not listed among the dead, nor the wounded, nor the shellshocked. They were not among the prisoners taken.

It became so horrible a mystery that it cast a gloomy atmosphere about the regiment. I have looked all over France for my two good friends, but have failed to find a trace of them.

## TWO HUNDRED MORE HIRED

Today will go down as marking the first great step in restoring the normal pay roll of the camp through a general increase in the number of men employed both in mercantile lines and in the mines. The number of properties beginning in the Divide district have added approximately 200 men to the list with a corresponding increase in the amount of money distributed today by the two banks.

## COLDEST WEATHER FOR SPRING SEASON

Sunday morning showed a thermometer marking 16 degrees above zero between 6 and 7 o'clock in the morning and it was two hours later before there was the slightest sign of moderating. This is the coldest record for March. To aggravate the cold there was a strong wind blowing from the northwest that seemed to cut through the heaviest clothing. This morning the lowest reading was 20 and the weather bureau promises better weather for the remainder of the week. The movie picture company got so tired waiting for a change of climate and a return of sunshine that they all left for Los Angeles this morning. Now there is a certainty that we will have normal weather with plenty of sunshine.

## TONOPAH DAIRY SELLS TO THE PIONEER DAIRY

C. P. Mackey has disposed of the Tonopah dairy to John Du Pratt, of the Pioneer dairy, who will combine both routes. Mr. Mackey has decided to engage in farming and will remove his family to his ranch in Inyo county near Bishop. Mr. Du Pratt wishes it understood that there is to be no advance in prices and that deliveries will continue as formerly with none but the best and purest milk and cream sold. adv1041

LOCATION BLANKS in triplicate, in book form, on sale at Bonanza office.

## PERSONAL

R. FRED BROWN, the broker, returned this morning from a flying trip to San Francisco.

MRS. J. W. STEWART arrived yesterday morning from a business trip to San Francisco.

CHARLES J. KANROHAT motorized in from Jefferson canyon Saturday evening.

MISS MARIE GIBSON has been appointed stenographer by the Tonopah Banking Corporation.

PARKER LIDELL, who is engaged on a map of the Divide district, was a passenger for Reno this morning.

J. B. HUMPHREY, of the United Cattle and Packing company, motored over from Goldfield Sunday.

CHARLES L. RICHARDS, the attorney and member of the Nevada assembly, returned to the capital today.

DAVE McKAY and family left today for their future home in Fallon where Mr. McKay will engage in the dairy business.

WALTER ST. PIERRE, owner of the bootery here and Reno, was among the arrivals today from the north.

TOM HUSTON, Underwood typewriter representative, arrived from Reno this morning. He is stopping at the Mizpah.

MRS. MARY AMELL, mother of Mrs. Walter W. Booth, Jr., from Phoenix, Ariz., is visiting her daughter and husband at their home on the Divide.

L. B. SPENCER, mineral surveyor from Mina who is engaged in the Divide district, returned this morning from his former home accompanied by his wife.

MARSHALL ASHER, who was with the First National bank for a time, is back at his old post as cashier of the State bank of March, Texas, which is situated in proximity to the oil country.

MR. and MRS. JOHN A. BRADFORD of Death Valley Junction, accompanied by G. H. Horton and H. S. Shepherd, from that section motored up to Tonopah Saturday evening and returned home Sunday.

SANFORD GALVIN and wife have returned from Johnson, Ariz., and will resume their residence here. Mr. Galvin was in charge of the Republic mine at Johnson and will be remembered as the former superintendent of the Mizpah Extension in Tonopah.

## WALTER ST. PIERRE ENLARGES STORE

The immense store occupied by Walter St. Pierre's bootery at the corner of Main street and Broucher avenue, opposite the Mizpah hotel, is not extensive enough to furnish proper facilities for conducting the great trade which the owner has built up in the short time since reopening in Tonopah. This morning he leased two more rooms in the rear of his present place of business which will be added to the front premises. Mr. St. Pierre says he is surprised at the prosperity of Tonopah as he never expected to find his business expand so rapidly in such a short time. He is now prepared to make room for the enormous spring stock which is due to arrive in a few days. Mr. St. Pierre says this will be the finest assortment of fashionable footwear ever seen in Tonopah.

## EVANS AT LARGE FROM THE WILD AND WOOLY

The new official letterheads used by Congressman Charles R. Evans read "At Large" after his name indicating that he represents the entire state. A friend who received one of these letters this morning rumormongered and remarked that he thought Charlie was too fast for the boys back there and could not be hogtied, so they let him run at large.

## INDIAN SUSPECT RELEASED BY DISTRICT ATTORNEY

By order of court Iver Jack was turned loose this morning after having served six months in the county jail while waiting for some action to be taken by the proper officers. Jack was suspected of complicity in the killing of Mrs. Charles Williams but no evidence could be secured to connect him with the crime.

## ROSETTA DIVIDE

New shaft is going down rapidly and well timbered

Dr. Elftman's Map shows Rosetta Divide to be the center of a splendid vein system
